QUESTIONNAIRE FOR IST-PROJECTS PARTICIPATING IN THE 1ST CALL OF THE EU FP6 RESEARCH PROGRAMME

STRATEGIC OBJECTIVE 2.3.1.4
'MOBILE AND WIRELESS SYSTEMS BEYOND 3G'

This questionnaire aims to identify possible standardization issues related to the results of your project, in order for these issues to be addressed through the COPRAS project and to facilitate your project's cooperation with relevant standards bodies or industry consortia.

The questionnaire contains 2 main sections focusing on general issues related to research and standardisation as well as specific areas in which your project may address standardisation issues. At the end of the questionnaire, you can enter additional remarks you may have.

CONTACT INFORMATION

Project acronym	Respondent	E-mail address

1. GENERAL ISSUES

1.1	**Will your project deliver technologies, specifications or other outputs that are intended to be European or global standards or otherwise may contribute to standardisation work and if so, could you list in which areas?**

1.2	**Does your project have specific work packages addressing activities required to interface with standards bodies and if so, how many man/months are budgeted for this?**

1.3	**Is your project in the process of deploying or coordinating standardisation related activity with other IST projects either in FP6 or other Framework Programmes and if so, could you please list the other projects involved?**

1.4	**Is your project already in the process of deploying standardisation related activity in coordination with one of more standards bodies or industry consortia and if so, which activity does this concern and with organisations are involved?**	
	Standards body or industry consortium	Activity

2. STANDARDISATION ISSUES ADDRESSING SPECIFIC AREAS

In this section you are invited to identify in which of the areas specified below the results of your project may concern standardization issues.

You may do this by listing technologies, specifications or other output such as guidelines or 'best practice' documents, resulting from your project that you envisage being candidates for European or global standards or otherwise expect to be relevant in supporting or initiating standardisation processes.

You can indicate whether it concerns issues playing an important – or even a key – role in your project or whether they represent minor issues (please tick the appropriate box).

2.1	**Transmission & reception equipment & components**		
Key issue ☐	Important issue ☐	Minor issue ☐
<Please list technologies, specifications or other relevant project output here>		

2.2	**Interconnection and inter-working of wireless infrastructures**		
Key issue ☐	Important issue ☐	Minor issue ☐
<Please list technologies, specifications or other relevant project output here>		

2.3	**Security, access control and content protection**		
Key issue ☐	Important issue ☐	Minor issue ☐
<Please list technologies, specifications or other relevant project output here>		

2.4	**Broadband Radio Access Networks**		
Key issue ☐	Important issue ☐	Minor issue ☐
<Please list technologies, specifications or other relevant project output here>		

2.5	**Broadcasting & multicasting over 3G systems**		
Key issue ☐	Important issue ☐	Minor issue ☐

<Please list technologies, specifications or other relevant project output here>

2.6	**Advanced satellite communication systems**				
Key issue	☐	Important issue	☐	Minor issue	☐

<Please list technologies, specifications or other relevant project output here>

2.7	**Broadband wireless IP networking**				
Key issue	☐	Important issue	☐	Minor issue	☐

<Please list technologies, specifications or other relevant project output here>

2.8	**Network & system management**				
Key issue	☐	Important issue	☐	Minor issue	☐

<Please list technologies, specifications or other relevant project output here>

2.9	**Other**				
Key issue	☐	Important issue	☐	Minor issue	☐

<Please list technologies, specifications or other relevant project output here>

3. ADDITIONAL REMARKS

3.1	*<Please enter any additional remarks that you may have here>*
