

# Standardized Multimedia Elements in HTML5

Kevin Calhoun, Eric Carlson, Adele Peterson, Antti Koivisto  
Apple, Inc.

# A propitious time

- Standardization of markup and behavior
  - Convenient syntax
  - Codec agnostic design
  - Rich scripting API

# Demonstrations

# Q&A

- Products
- Intellectual property rights
- Are we done?

# Open issues

- Codecs and formats
- Accessibility
- CSS styling of temporal properties
- Synchronization of multiple timed elements
- Cue ranges
- Metadata
