Withings

Sharing

A world of possibilities with The Withings Body Scale

You subscribed an online coaching program? You like to share your progress with your community? Or maybe you want to store all your health information in one place? The Withings Body Scale can directly and securely send your data (weight, IMC, fat mass, Lean mass) to the best players in these areas.

Imagine that by just stepping on the scale, your body analysis data can be sent directly to community sites such as Facebook or Twitter, services of personal health record, or to nutrition coaching and fitness coaching websites. These services can then use your measurements to advise you and accompany you in your diet or in your fitness activity.

Service providers compatible with the Withings Body Scale

The services listed below are already connected with the Withings Body Scale. This list grows very quickly.

The logo for DailyBurn, featuring the word "daily" in white and "burn" in yellow on a dark blue background, with a flame icon between the two words.

DailyBurn is the premier fitness tracking social network. We help people meet their health and fitness goals by finding workout programs, tracking food and nutrition, and connecting them with others for motivation.

cte, Bodes0811 want to know what this is.

saarsaar, gudbranson, hmcfletch like this.

- cat** 2 days ago
just got some cards with my contact information on them. they're black. and the only thing on the back is a hand drawn stick figure cat face that i drew. LOL.
- hmcfletch** 2 days ago
And they are the size of a stick of gum... :o)
- mightykenney** about 2 hours ago
Moo cards are fantastic.

i think this will be one of the next big things. how's the iphone app?
- david** 14 days ago
Awesome... love the UI. Super fun, nice ui/design. Simple, appealing product. I just met Ted Grubb over the weekend and he's a good dude. You headed to SXSW? :)

Library of Congress Archives Twitter History, While Google Searches It

by [Ryan Singel](#)  April 14, 2010 | 2:30 pm | Categories: [Social Media](#)

While the short form musings of a generation chronicled by Twitter might seem ephemeral, the Library of Congress wants to save them for posterity — and Google wants to let you search them like an archive, the organizations announced Wednesday.

The unrelated announcements make it clear that at least some people think billions of short messages are worth archiving. In four years, the service turned simple, 140-character status updates on what people are doing into a global publishing phenomenon that tracks and creates the Zeitgeist.

Now, Twitter messages — from the musings of celebrities to citizens' cataloging of their daily breakfasts to the pronouncements of politicians — will be archived permanently by the Library of Congress. The Twitter archive of all public tweets, starting from its inception in March 2006, will join such august collections such as [letters from the Civil War](#) and [famous photographs from Great Depression-era works project](#).
