## [Incubator Activity](#) > W3C Decisions and Decision-Making Incubator Group

The **mission** of the Decisions and Decision-Making Incubator Group, part of the [Incubator Activity](#), is to determine the requirements, use cases, and a representation of decisions and decision-making in a collaborative and networked environment suitable for leading to a potential standard for decision exchange, shared situational awareness, and measurement of the speed, effectiveness, and human factors of decision-making.

See the [charter](#) for more information.
