

DCAT For a Long Term Global Future

Andreas Kuckartz

W3C Open Government Community Group

Amsterdam, 2016-11-30

DCAT-AP.DE

Development of German Metadata standard

Summer 2016:

"OGD 1.0" -> "OGD 2.0", not based on DCAT

Public consultation, comments, FOI-request

November 21, 2016

New name, new technology decided by GovData.de: DCAT-AP.DE

To be ready before end of March 2017

Three Standards?

DCAT + AP + national profile

Better: one solution which fits all

Main difficulty: Tools

Extending CKAN and DKAN helps

DCAT + AP + national profiles =>

DCAT + AP + national profiles

Details Matter

dct:license: URL or string ?

dct:format: URL or string ?

("The file format of the distribution.")

Validation !

Long-Term View

Historical archives

OAIS (Open Archival Information System)

Avoiding media discontinuities / breaks

Another chance to move to Linked Data !
