Position Paper

Kei Amano(NHK Publishing, inc)

(A) Explain the participant's perspective on the topic of the Workshop

I think the key point of Richer Internationalization for eBooks is the way of charge. E-book is package contents. So it should not be free for user. Because publisher want to think e-book as paid contents.

And my interest is what is readability for Japanese e-book.

(B) Explain their viewpoint and/or explain why they should attend

The reason I should participate in is I am web director of promotion site of book and text for language learning. And I always think about good format of e-book for Japanese language learner.

(C) Include concrete examples of their suggestions

Should adopt many font. readability of Japanese book depends on selection of font.
