Digital Assets and Missing Links

A Lightning Talk

Kenji Saito

Chief Science Officer, BlockchainHub, Inc. / Senior Researcher, Keio Research Institute at SFC, Keio University

ks91@sfc.wide.ad.jp

@ks91020
Thank you for letting me be part of #BlockchainWeb

- I’m from BlockchainHub
Blockchains give total controls to the ends that materializes the end-to-end philosophy of the Internet in the areas of controlling assets

But there is a missing link
Blockchains give total controls to the ends that materializes the end-to-end philosophy of the Internet in the areas of controlling assets.

But there is a missing link.
Are existing mechanisms that connect the real world and the web sufficient as the foundation for this?
