

Project Information Metadata?

David Filip

Agenda

- ~~What is related?~~ What to cover?
- “Project Information”
- If time allows
 - “Process State” (general description of process areas that can in turn serve as a high level)
Highly entangled with the following session

What is there as of now? ctd

- 6.3 Project Information

[http://www.w3.org/International/](http://www.w3.org/International/multilingualweb/l1t/wiki/Requirements#Project_Information)

[multilingualweb/l1t/wiki/](http://www.w3.org/International/multilingualweb/l1t/wiki/Requirements#Project_Information)

[Requirements#Project_Information](http://www.w3.org/International/multilingualweb/l1t/wiki/Requirements#Project_Information)

- Domain
- formatType
- Genre
- Purpose (TO educate, TO advertise, TO perduade..)
- Register (../formal/frozen)
- TranslatorQualification (related to topic, if he or she know about cars=someone who can translate in automotive domain..)

Should be consolidated..

- 6.3 Project Information
